Individual advisements available on request.

December 2015

Lunch and Learn with Educator and Author Pete Reilly

Bring this program for teachers to
your school!

This highly interactive program will
address the needs of classroom
teachers who are feeling the stress of
higher standards, a never ending stream
of mandates, new technology, changing
demographics, and resource scarcity.

It's an opportunity for teachers to
explore how they can successfully meet
increasing demands for accountability
and still keep teaching "a path with heart."
